

**Mrs. Sulochana Desai, Librarian at RMC shares insights on usefulness of library**

**Q.3** Due to the trend of e-library, physical libraries are losing its importance. What do you want to say on this?

As we are moving towards Digitalisation Era in library also, it is very good for the students. All students can study online on their smart phones, tablets etc. at any place. They can read various E-books, E-journals through E-library.

**Q.1** Share your experience with RMC?

It is my pleasure to work with RMC. The college has good infrastructure and the working condition is also very good.

**Q.2** What kind of library facilities RMC provides to its students?

We provide various library facilities to RMC students such as different publisher text-books, reference books. Novels, different language newspapers, competitive exam books and so on.

**Q.4** During this crucial time of examination, any message for the students?

I would like to tell all students that during examination students must study well for their exam and take proper balance diet and sleep which is very essential. Some students think we study a day before the exam till night, which affects their sleep and health too.

An Official News Bulletin of Reena Mehta College (For Private Circulation Only)

**Anti-Plastic Awareness Drive: "Break Free From Single Use Plastics"**

An awareness campaign was organized under Women's World Club (WWC) at Reena Mehta College on 29th September 2019. This Campaign was based on "BREAK FREE FROM SINGLE USE PLASTICS."

The occasion was graced with the esteemed presence of Honorable Founder of WWC & Reena Mehta College Mrs. Reena Mehta, Honorable Vice Chairman Mr. Narendra Mehta, Honorable treasurer Mr. Sunny Mehta and the venerated members of Women's World Club.

It was as per the directives of our Honorable Prime Minister Shri Narendra Modi. Plastic bags are the major contributors for deteriorating our environment. It is a threat to life on Earth. Single use plastics should be banned.

The event was blessed to have Honorable Shri Narendraj Mehta as Chief Guest, along with Hon. Mayor MBMC Mrs. Dimple Mehta, Honorable Deputy Mayor Shri Chandrakant Vaity, Honorable Corporator Mr. Suresh Khandewal

and other respected corporators & dignitaries. Shri Narendra Mehta Sir addressed the audience about the harmful effects of single use plastics.

Mrs. Reena Mehta Madam who is known for her good deeds in social works and Women empowerment, has taken a step towards environment safety through this Anti-Plastic drive. The campaigning was done with the slogan "Plastic Hatao, Duniya Bachao". Carrybags made up of cloth were distributed during this occasion. Students had made posters based on the theme of Anti-plastic awareness and were exhibited across the RMC campus. The campaign was greatly supported by the eminent people, citizens of Mira-bhayandar and RMC students

It is important that each one of us understand the severity of the issue and stop the use of single use plastics as they are proving to be hazardous to the environment.

We feel very blessed to be a part of such institution, which not only educates students but also provides helping hands and shows gratitude towards the environment.

## Tête-à-tête with Honourable Mrs. Reena Mehta, Founder & Chairperson, RMC

**Q.1 Recently RMC celebrated Founder's Day on the occasion of your birthday; how do you see the entire journey of developing RMC from the beginning till now?**

Ans. My journey in the educational field started from June 1997 when I had registered a Trust, "Jeevan Jyot Educational Charitable Trust" and started pre-primary, primary section with mere 40 students. Gradually in the year 2001, we got the Index Number from Maharashtra State Board for Std X. In the year 2001, the number increased to 350 at the school level. I wanted students to get quality education up to graduation level in Bhayander, and there were not many degree colleges in Mira Bhayander. With this vision I started Higher Secondary Education and further Degree college with number of leading professional courses to very latest post graduation course with the

promise to give basic to higher education to the students.

**Q.2 Please share your attachment with RMC and the students.**

Ans. My college students are very attached to college Management and Principal Madam. I had taken a seminar with students last year on various topics such as "Change", "How to groom your personality" etc. I got good response from students. Even my staff is attached to RMC.

**Q.3 Any challenges you faced in this journey of bringing**

**RMC to this paradigm?**

Ans. Our journey in developing RMC was not easy, as we strived very hard to build a good reputation of the college and to keep pace with other colleges. We provide all infrastructures to give quality education to the students. That is why we are the No.1 College not only in Mira Bhayander, but in Mumbai suburban area.

**Q.4 What are your upcoming plans for RMC?**

Ans. My upcoming plans are to expand RMC to higher levels by introducing many more

courses in future such as MMS, LLB, B.Sc (Hospitality), B.Ed etc. We also want to improve NAAC grading in the coming years.

**Q.5 Running an institution, handling social causes and lot of other noble activities; how do you manage all of this?**

Ans. I do a lot of social activities such as visiting and giving lot of gifts, donation to the deprived children of orphanages. I usually visit Anmol Bal Gruh at Uttan. I like to see children happy. I celebrate festivals with them. I have also opened two old age homes which accommodates around 100 abandoned senior citizens. I like to remain busy all the time and utilize my time for betterment of the society. I have my family to support me in this noble cause. You should have interest and passion in whatever work you do, so you will never feel tired. One should know how to keep balance of mind and how to remain free from fatigue.

## Melo Mein Mela - "CINEMELA"

Students of BMM Department kicked-off an event "CINEMELA" on 20th September 2019 at Reena Mehta College. The Honourable Founder and Chairperson Mrs. Reena Mehta Madam and Vice Chairperson Mr. Narendra Mehta Sir along with Principal Madam Dr. Mrs Satinder Kaur Gujral graced the event.

The event was organized by "RMC BOX OFFICE" for the screening of best Short films-directed and produced by the students of BM M department.

The theme of the event 'Red Carpet gave it a glamorous touch.. The whole auditorium was decked up as per the theme.

Event began with the National anthem in order to give the audience exact theatre feel. To make it more interesting students set different stalls such as Chocolate stall, Pop corn stall, and Soft Drinks stall for the audience. The short films included different genres such as horror, drama, suspense and so on.

The actors of the films were none other than our students from BMM department who depicted natural expressions.

The teaching and non-teaching staffs were part of the audience and enjoyed the short films.. There were various fun activities for the audience and the teachers which included games, quiz and many more to entertain them.

However it was a big day for the students who worked as a team and made the event a great success. It was a whole new experience for the freshers as it was something full of entertainment.

The event successfully ended with the praises of teachers and audience for the creativity and efforts made by the students.

## 'Science & Space Fanatic' - Quiz Competition

Reena Mehta Junior College organized a Quiz Competition, 'Science & Space Fanatic' on 30th September 2019. Students in large numbers enthusiastically participated in the competition.

It was indeed great to see the spirit of students on topics related to science and space. Such competitions boost the morale of young minds and make them ready for their future.

Students were eager and forthcoming in answering questions all questions. Topics chosen inculcated a scientific approach on General Knowledge, Science & Technology and Space & Research work.

## From the Principal's Desk

### Stay Motivated... Stay focused...

Performing well in examinations requires you to stay focused on your studies. Sometimes you may find yourself worrying too much about getting distracted which might push you off-track. *Remember a simple rule: Your life energy moves in the direction of your focus.*

Always feel Positive:- Positive attitude is the key to solve many problems which

you face in your life. During exam time, it plays a big role in successfully cracking the exams with flying colors.

Attitude is eminent for all the students since it reflects your personality and your confidence as well. Positive attitude will get you through the door of success and make you feel motivated.

Plan your study well:-

You must make a schedule for your studies followed by strict implementation of that schedule. You must interact with your teachers for clarifying doubts and topics which needs more working.

Use exam papers or sample papers of the previous years to make things easier. You may also take help of your friends whom you think can help you

in a particular topic and make imply that in your schedule too.

Time management is crucial:- Read all the questions carefully before writing anything on answer sheet. Always start answering from the questions carrying maximum weightage or questions you think tough and need more time to think.

This is where time management becomes crucial during exams. You can finish the small questions in last 30 mins but you will never get enough time to write the large ones.

All's well that ends well:- Finally, when you end up with the exam paper or question paper don't feel like running out of examination hall.

Sit and review each and every

answer before submitting to the supervisor.

Look for the questions you left while writing the answers or in which you got stuck. Search for the mistakes you have done and tune in towards the hardest questions you think and feel unsure of answering.

Review well and look to add any other important line you missed in the answer earlier.

Ultimately, Stay motivated and focused and don't lose hope during this crucial time period of your college life; because what you will do now, will decide what you will be in future. Its good to enjoy every moment of life but equally important to achieve something good from every moment.

ALL THE BEST!!!

## RMC, Me & Social Media

form or change public opinions.

I am indeed thankful to Reena Mehta College for including me in its social media team. The opportunity given to me helped me to learn the various aspects of new media the modern age.

All updates about college happenings are available online within seconds. From being a spectator and seeing posts to handling the Instagram and Facebook pages myself, this has been a great journey till now.

I would like to thank the Trustee of Reena Mehta College, Mr. Sunny Mehta Sir for believing in me and giving me this opportunity.

I would also like to thank my social media team who work with me with great enthusiasm and dedication.

**Shubangi Ghoshal**  
SYBMM

We live in a time and age where information is just a button press away. We are swayed by information all around us. We millennials want to know, read, understand and then speak about it. That is where social media comes into play.

Social media is an interesting place, where we can expand our knowledge and gain additional information.

We can answer every single question that we have in our mind. It's a very brilliant platform for those who want to

## RMC BOX OFFICE MOVIE REVIEW

The movie picks up a sensitive issue of youths attempting suicide and how parents play an important role in not letting them do so.

The boy attempts suicide for not getting selected in an entrance exam. His father (Sushant Singh Rajput) narrates a story about his hostel life telling him how big a loser he was and how hard he tried removing the tag of "LOSERS".

He gives his son a ray of hope and introduces his friends one after the other.

Once his son realizes the value of life, he begins his journey with a positive turn.

The movie shows typical story of engineering hostel life, which most youngsters can relate to.

Characters shown seem to be realistic on screen. Overall, the movie is nicely made keeping in mind the psychology of today's youth.
