

Gup-shup with Mr. Rajesh Sakpal, Peon, RMC

and available for help at all times. There is transparency in communication, I am glad that I have the support of Principal Madam as well.

Q.4 According to you what is so special about RMC?

A: One thing that is special about RMC is that the staff treats each other as one family. They are very affectionate with one another.

Q. 1 Since when have you been a part of RMC?

A: I have been working here since the past three years.

Q.2 What is your work at RMC?

A: I work as a Peon and handle different jobs at the college.

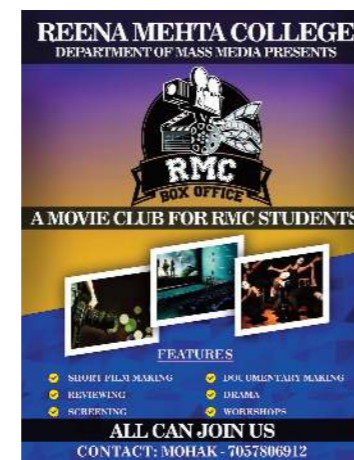

Q.3 How has your experience been so far with RMC?

A: My experience has been very good. The teaching staff is very good with us and the management is also supportive

Q.5 Any message for students?

A: I would like to tell students to attend all lectures on-time, especially the morning lecture at 7:30 am. They must not be late and take studies for granted. Punctuality is something; they must learn now and apply the same in their future as well. I want them to excel in whatever fields they choose.

Diwali Celebrations at RMC...Sweets,Fun,Crackers and much more!

Deepawali or traditionally called Diwali is one of the most popular festivals celebrated in and around the country.

Keeping the traditions alive, Reena Mehta College celebrated Diwali on 25th October 2019 in the college auditorium with its teaching staff, non-teaching staff and students as well.

worshiping almighty so that all the RMC members including its staff & students will be showered with the blessings. It was great to see the entire staff of RMC and students dressed in traditional outfits.

Such festivities bring in a lot of positive energy in and around the college campus. Everyone gets an opportunity to spend joyous time with each other.

Diwali symbolizes the victory of light over darkness, knowledge over ignorance and good over evil; RMC every year celebrates this notion through

The Founder of RMC, Hon. Mrs. Reena Mehta along with Vice Chairman Mr. Narendra Mehta, Trustee Mr. Sunny Mehta, Principal of Degree

College Dr. Mrs. Satinder Kaur Gujral and Principal of Junior College Mrs. Sabiha Vakani graced the occasion. Daughters of Reena Mehta madam were also present for the celebration that conveyed the family values of sharing the happiness with one and all. This rightly signifies that Diwali, apart from being the festival of lights is also a festival of sharing love and affection.

The staff as well as students were elevated with the feeling of being the RMC family member. The celebration become even more joyous through sweets, good food, crackers & gifts by the management to entire staff & students who are working in core committee of Mridang 2020.

We are thankful to the management who leaves no stone unturned in making everyone associated with RMC happy & special.

**Mrs. Shilpa Attavar,
Asst. Professor, BMM**

Delightful memories of Diwali Celebration

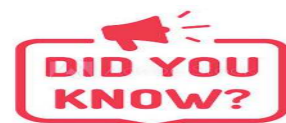

A dad is someone who wants to catch you before you fall But instead picks you up, Brushes you off, And lets you try again.

A dad is someone who Wants to keep you away from making mistakes But instead lets you find your own way, Even though his heart breaks in silence When you get hurt

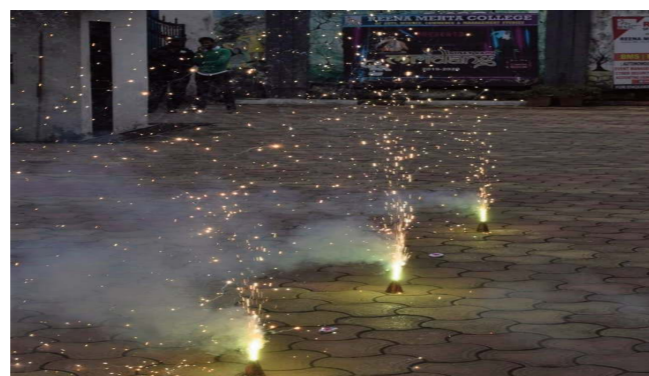

A dad is someone who Holds you when you cry, Scolds you when you break the rules, Shines with pride when you succeed, And has faith in you even when you fail.

Indian Education System: Ambiguities and Simplicities, the Choice is your!!!

Starting with this, great people, almost at all levels have written, commented, suggested, on this; either in a very good way or sarcastic manner or probably just criticizing the system. Perhaps, very few have thought about to get into it completely for the sake of actually bringing some worth full changes in it.

The curriculum, the loopholes, the attitudinal problems of the students etc. have always been pin pointed to showcase a fault in the system but can't it be taken as in the other way round, if once thought of improving it...!!!

The root of education lies in a very basic fundamental thought, that is understanding the fact that the masses need to be updated of the knowledge that is the need of the hour and that too getting onto their levels, which makes them connect to the world easily & thereby

grow faster, getting qualitative interesting inputs.

But, unfortunately the concept of GURUJI & SHISHYA hardly exists any more in real sense. The worst part is the blame game scenario has entered this industry too, be it be staff or a student.

The Education system should be interesting enough for the students along with its practicality, which would easily pull the students closer to it & half of the battle is conquered there

itself. It's always very easy to highlight issues in a system but difficult to come out with probable & basic solutions to rectify them.

The final motivation to pursue education, still lies with the dream of getting a Job, Placement, Career motives, Money/prosperity etc.. but where has KNOWLEDGE disappeared, which should have been the prime objective of gaining education...

Number of Education institu-

tions are built up, where quantity is focused on; like no. of students enrolled, lectures, Classrooms, Books etc.. but where has quality parameters vanished.

The differences in the level of Education, Placement, Degree, Reputation, Political influence & other related to institutions, decide, how the career of student will be, rather than simply the Curriculum & Knowledge

It's all about various perspectives, which can be improved, if certain elements are sensitively taken care off.

"EDUCATION CAN BUILD UP A MIND WHICH CAN MAKE YOU ACHIEVE ANYTHING & EVERYTHING IN LIFE, IN A RIGHT WAY, WITH RIGHT MEANS & FOR RIGHT MOTIVE."

Prof. Rahul Mukhurjee
BMS Co-ordinator

Tête-à Tête with Dr. Aparna Jain, Counsellor, RMC

doctor's profession helps me to be an effective assessor within clearly defined way.

3. What is the usage of counselling for today's youth?

A: The purpose of counselling is to help youngsters to make rational decisions and cope up with the situation they find themselves in. Its a two-way communication process during which, you help them to evaluate their feelings towards their problems. It also improves their personal development and decision making ability.

4. Any motivational message that you would like to give to the RMC students?

A: Dear Students, Always believe in yourself, you have the ability to do anything whether easy or tough. Be confident and work hard to achieve your dreams. Laziness is your enemy, get over it. All the best for your future.

1. How does it feel to be a part of this institution?

A: Its much more than the feeling, its a notion, which one can only realize by being here. The way of life which develops the students into professionally competent and socially managed graduates at the same time.

2. Apart from being Doctor and Professor, how do you manage your counselling sessions?

A: Managing counselling sessions requires diligence and expertise. My teaching and

Life is like a Jalebi...!

Life is like Jalebi....

Always full of twists and turns....

But it all depends on the holding capacity of the human being....

That how much he can face difficulties in life.... And come out great....

He should plan his life in such a way that he is always successful. His ideas should be out of the box...

So that his ideas work out great and all his hurdles are vanished just like the stains on clothes.

Mahawalkathon by RMC Students

BMM students of Reena Mehta College participated in 'Mahawalkathon' - the road safasafety drive organised by Government of Maharashtra Public Works Department on 30th November. Students got an opportunity to spread awareness for Road safety & traffic rules and promoted Responsible driving through Mahawalkathon.

These kind of social initiatives helps students to be socially responsible.

The Power and the Magic of Number 3...

It is said that each number has its own vibrations and its own vibratory influence. So as Number 3. Let us look at some of its powerful connotations and see for ourselves the magick of three.

Neurologically this number depicts the sensitive and emotional nature of a person/

Lucky colors to increase the positive vibration of number

3,include Yellow, violate, saffron, purple, cream and gold. Interestingly 3 means "LOVE" (heart shape) hence proved.

In Vedic it is the most sacred among the single digit numerals. OM, The sacred symbol of Hindus, with its three curves represents three states of consciousness.

The sound of AUM has three hidden sounds and the word AUM has three letters. Together they symbolize the Absolute consciousness (zero). Three (Triah) is manifested rhythm of Universe.

It is a Universal Order of Creation, Preservation and Destruction, something which is as natural as the rising sun. No matter which part of the world one belongs to, it directly or indirectly affects each and every individual.

Bible has also repeated this number throughout as a symbol of Completeness.

In the Christian faith tradition, the number 3, symbolized by the Trinity (Creator, Redeemer, Sustainer), has come to mean wholeness.

The 3 attributes of God are omniscience, omnipresence, and omnipotence.

It's a principle captured neatly in the Latin phrase omne trium perfectum: everything that comes in threes is perfect, or, every set of three is complete.

Research gives further evidence on why three is the magic number.

The Hidden Meaning Behind Angel Number 3- the energy of kindness, joy, creativity, and imagination. It represents inspiration, creation, manifesta-

tion, and growth.

It symbolizes the interconnect- edness of your body, mind, and spirit, and is carefully aligned with the divine energy. This is manifest by almost all the religions across the world.

The number three symbolizes many other aspects of creation:

- the three layers of nature, light, fire and darkness,
- the three states of being im- manent, transcendent and the absolute,
- the triple division of time, past, present and future,
- the three periods of the day, morning, noon and evening,

Free Health Check-up for RMC staff & students

Reena Mehta Degree & Junior College in collaboration Wockhardt Hospitals organised a free Health check-up camp for RMC staff & students on 29th November in College auditorium.

Both students & staff took the advantage of Medical check-ups & tests such as BMI index, Blood suger & Blood pressure, Body Fat test, Ophthalmic tests, ECG check-up.

RMC BOX OFFICE MOVIE REVIEW

'Withering with You' is one of the most visually immersive and satisfying animated movie which feels like a delicious dish from a 5 star rated hotel and you can experience in a theatre for a mere amount of Rs 100 to Rs 200.

Story wise it tells a young and sweet tale which has multiple interpretations and one of them can be a wakeup call for the youth around the world as well as to preserve the climate.

There have been several global warning issues that we face in

recent times. The movie is like an eye-opener and motivates young individuals to save the world.

Animations are professionally done and the characters wisely chosen. Being a Japanese movie, the translation to English has been done keeping in mind a lot of international factors. Although, the characters have complete look and feel of Japan, but it does not seem awkward. Overall, it is a good movie to watch.
