Its been wonderful experience... with Mridang 2020!

I have been associated with Reena Mehta College since November 2017. Mridang is indeed very close to my heart. I have seen its growth wonderfully in the past three years. This year it has truly achieved new horizons for itself.

For me personally, Mridang is a family event. I thank the management, Chairperson Mrs Reena Mehta, Vice Chairperson Mr Narendra Mehta, and Trustee Mr.Sunny Mehta who has trusted me at all times.

It is because of their unending support, words of wisdom and kind advice that Mridang 2020 could reach at glorious levels. The students of Reena Mehta College are always energetic. I also maintain a good rapport with them. I believe it is because of their hardwork and dedication that Mridang 2020 was so successful.

We experienced certain ups and downs before the event. Times were getting hard as we had to complete lot of work for this grand event. However, with guidance from the Management, teaching and non-teaching staff, we could pass all hurdles at ease. I am looking forward for Mridang 2021 and I am sure it will be much more greater and something extraordinary to witness.

Proud to be a member of RMC family!

From the Desk of Trustee...On the Success of Mridang 2020!

Mr. Sunny Mehta, Trustee, RMC

Q.1. What is Mridang for you?

A: Mridang is like a baby for me. I have seen how Mridang is growing right from its launch. I always aimed to do everything best possible to bring it up and nurture it with the support of Principals, staff & students of RMC.

Q.2. What was your vision behind conceptualizing this fest?

A: My vision was to provide a platform to the students in the form of Mridang where they can learn many things and explore their talents and skills.

Q.3. What are the changes Mridang has seen right from its first season to Mridang 2020?

A: I have seen many positive changes from Mridang's first season to its third season. Every year some new trends are being introduced. Number of entries for the competitions are increasing. Students from suburban colleges and even town-side colleges are taking part in the fest. In fact, this year we had a film promotion and Sunburn Campus during Mridang. Such kind of activities took place for the first time in the vicinity of Mira Bhayander. This year's fashion show & other on-stage performances caught special

attractions among the students. So I am glad to share that Mridang is accelerating its standard of excellence year by year.

A: I feel proud with the success of Mridang 2020. As I have mentioned Mridang is a baby for me so of course I am happy to see how Mridang is growing wonderfully. I want RMC students to take up Mridang at the next level. As I have said earlier, Mridang is a platform for them to explore their skills, I want them to get involved in such activities that teach students out of the box things, about how to plan an event, to enhance their skills, and leadership qualities and much more so that they can not only take the event as fun but also use it to improvise themselves holistically.

Q.5. Message for RMC students...

A. RMC will always support students to get empowered & enriched, I appeal students to encash opportunities through such platforms, explore yourself and make yourself academically, socially & professionally efficient.
