BY BAF & BBI DEPARTMENT

"Spend each day trying to be a little wise than you were when you wake up."

- Charlie Munger

The plan beyond this resoucefullness: As a multidisciplinary college, students are expected to experience changes in the business world. This initiative by the BAF faculty will help students gain an edge in a dynamic and financial market environment. This will give an overview of finance with a different perspective, which will also help students to understand the market. I urge all my students to read this newsletter and appreciate any input from them on this matter.

Wish you all Happy reading.
