REPORT ON THE INDUSTRIAL VISIT 2019-2020

DATE- 26TH JAN- 3RD FEB 2020

VENUE- OOTY-MYSORE-BANGALORE

The journey Of Industrial visit started on 26th January 2020.We boarded the train "Coimbatore Express" from Lokmanya Tilak Terminals - Kurla. All the students assembled there and finally on 28th January 2020 we reached Coimbatore.

The bus journey to Ooty started from there the entire route to Ooty was breathtaking with beautiful scenery and nature being there at its best. On the very first day we visited the Tea factory and the chocolate factory wherein the students were explained the entire processing of Tea. The chocolate factory had packaging systems and oils of different kinds were also shown to the students.

The next day visit was scheduled to Coonor Tea gardens, Lambs suicide point and Dolphin Nose point. We also visited the Botanical garden situated in the heart of Ooty with local market all around selling different types of souvenir.

Ooty has one of its kinds Thread gardens which is completely hand woven and built over the years. Opposite to the garden shines bright and in peace The Ooty Lake. Boating is commonly done here with a lot of games and good food courts all around the corner.

Finally we moved from Ooty to Mysore and day one in Mysore we visited the famous Brindavan Gardens - the evening light show and the boating there is quite famous. The local Tibetan markets have quite good stuff.

The next day was a visit to Mysore silk factory wherein the person incharge explained the entire processing of silk threads and how varieties of sarees are woven there. The same day a visit to Mysore zoo was also planned. It's the second largest zoo in the country and believe me has so many species that you cannot simply count on. A well protected and a well-managed zoo indeed.

The last schedule for the day was the Great Mysore Palace built up by the wadiyar dynasty. Has got 97000 bulbs that lit up during Dasehra. The entire architecture of the palace is so well planned and almost all the things in the palace are imported from countries all over the world.

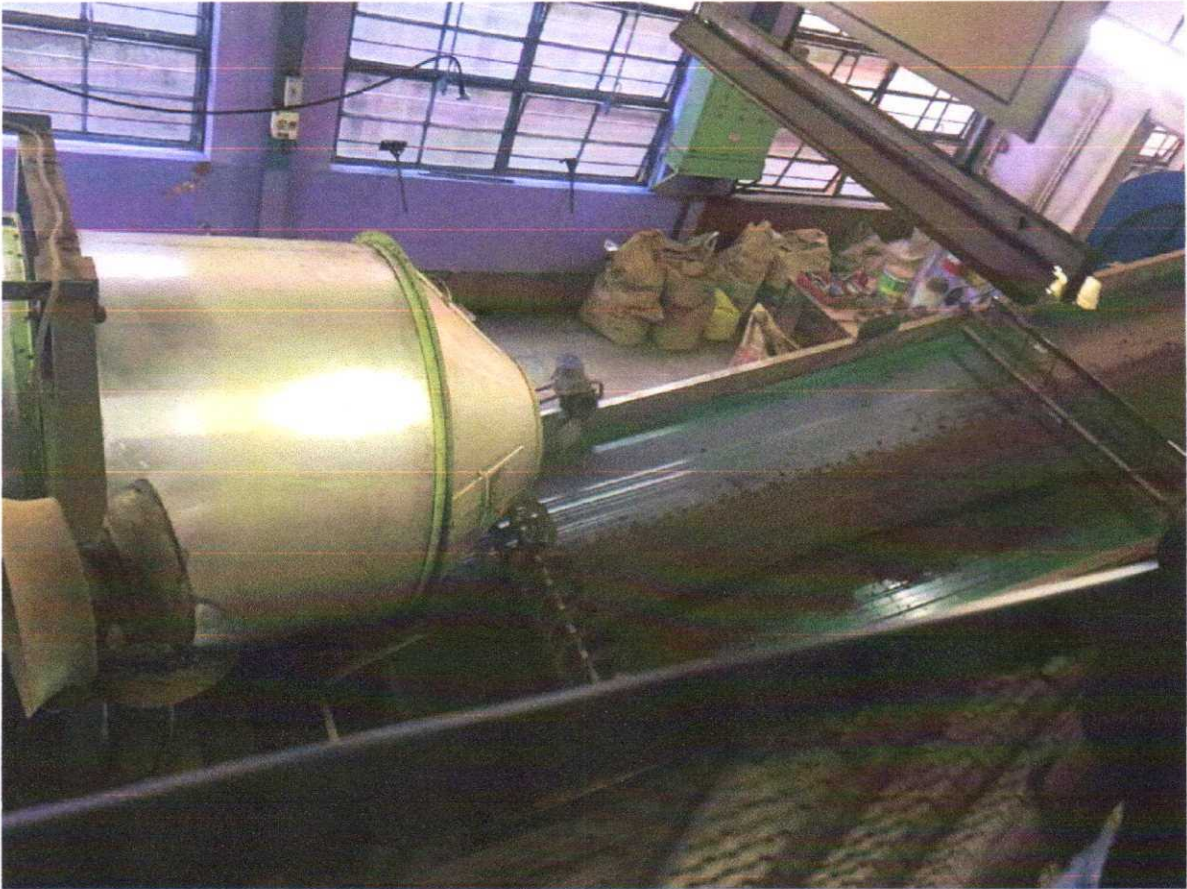

Lastly while moving to Bangalore on 2nd of Feb we visited the summer palace of Tipu Sultan which stands as a monument of calmness amidst the heat of the south.

Finally on the 3rd we were back to Bombay and this journey to south will remain close to our hearts with loads of Knowledge and Enjoyment.

My heartfelt Gratitude to the management of the college for giving the students this opportunity to learn more about the practical world through such Industrial visits.
