### Event Report

**NAME OF THE ACTIVITY:** "HAR GHAR HUNAR" (Career and Skill Development Initiative)

**Name of the Programme:** - ALL PROGRAMME

**Batch:** - ALL

**Semester:** - ALL

**Section:** -

**Duration:** - 1 Hour

Our beloved Prime Minister Mr Narendra Modi has propounded the idea of Har Ghar Hunar under the Skill India Campaign. The idea is that we must ensure that our citizens, especially the younger generation, should gain skill-based knowledge.

It is a known fact that the animation industry in India is booming. Today no movie gets completed without the use of Visual Effects. To expose students to the possibilities of this growing industry and making aware of high-paying careers BAMMC Department of Reena Mehta College of Arts, Science, Commerce and Management Studies organised a guest lecture. On 24 September 2022 the event was organised in association with MAAC, one of the leading institutions in India.

The speaker for the event, Trupti Raut, introduced students to various career avenues in the industry. The initial step was to expose students to various job profiles and their key result areas. Later they were informed about the skills that are required to pursue these jobs.

Overall it was a successful event that taught students about career options in animation, VFX, graphic designing and filmmaking.

**NAME OF THE ACTIVITY:** Cancer Awareness

**Name of the Programme:** - All Streams

**Batch:** - 2022-2023

**Semester:** - I,III,V

**Duration:** - 90 MINUTES

Cancer is a silent epidemic that is seeping throughout the world. The cases for a variety of cancer are on rise at an alarming rate. The World Health Organisation has found out that, Cancer is the second leading cause of death globally, accounting for an estimated 9.6 million deaths, or one in six deaths, in 2018. Lung, prostate, colorectal, stomach and liver cancer are the most common types of cancer in men, while breast, colorectal, lung, cervical and thyroid cancer are the most common among women.

The avenues for treatment are rare, the cost involved is high and the outcome is uncertain. This makes Cancer not just a physical disease but also an economical disaster for the patient and their loved ones. As the survival rate is low It is an emotional tragedy too. In the given conditions precaution is the only cure.

To make our female students more aware and cautious about the dangers of Cancer Women Development Cell organised a Cancer Awareness Lecture. The lecture was delivered by Dr. Pratiksha Gupta (BAMS) from Sarthak Hospital (Virar). The lecture was delivered by using ICT Method via a well prepared PPT. This PPT used various infographics, Images, videos and content that was engaging. The students were informed about the dangers of cancers, their reasons, precautionary measures, self-diagnosis method and first line response in case of suspicion or detection. Students responded to this session with curiosity and sensitivity. The question answer session that followed the lecture was intriguing. Students were curious to know more about the topic. Dr. Pratiksha Gupta was knowledgeable enough to answer all their queries gracefully. The event was managed by Mr. Durgesh Gupta and Mrs. Rinkle Solanki, members of Women Development Cell. It saw hundred and seven student participation.

"Nukkad Natak" a Street Play Competition Organised by Reena Mehta College

Reena Mehta College of arts, science, commerce and Management studies' department of BAMMC, BBI and BAF recently organised an intra-collegiate street play competition "Nukkad Natak" for its foundation course students. The event took place on 23rd February 2023, at the college Gymkhana.

The competition witnessed enthusiastic participation from various groups who showcased their talent through thought-provoking street plays. The event aimed to provide a platform for the students to express their views on important social issues and raise awareness amongst their peers. The competition was based on a variety of themes, including female foeticide, say no to drugs, suicide is not the solution, gender equality, human rights, etc.

The competition was judged by Chef Shailesh Nigawale, Urmila Chauhan, and the Heads of Department for BAMMC, BBI, and BAF. After a rigorous evaluation process, two groups were declared as winners, and the principal of the college, Dr. Satinder Kaur Gujral, congratulated them.

The event provided an excellent opportunity for the students to showcase their talents and express their views on important social issues. The college encourages such events and initiatives to promote a culture of creativity, awareness, and social responsibility among its students.

Reena Mehta College, Bhayander west organized a tree plantation event on 11 July 2022. The main purpose was to complete the planting of 200 saplings as a part of the Environment Day celebrations. A special person Ms. Rashmi Joshi was invited to be the chief guest of this event and to help the college to promote the importance of planting trees. The tree planting program started around 11.00 a.m., just after the morning assembly. The first tree was planted by the principal of the college Dr Mrs. Satinder Kaur Gujral and the chief guest in the college campus. The students of different streams were given 25 saplings to plant in and around the college campus, and the remaining saplings were planted by the senior students of TY in the local areas around the College. After planting saplings, the chief guest gave a speech on why planting trees can prove to be beneficial for the environment. Her speech included subjects like how human beings get ample oxygen because of trees and how cutting down trees mercilessly has impacted the environment adversely. Her advised that if future generations wanted to enjoy Mother Earth's resources and privileges, then it's important that they plant and save trees. The principal ended the event with a vote of thanks and appreciated the chief guest and the students for their presence.
