NAME OF THE ACTIVITY - EXPERT LECTURE

Name of the Programme: - **WASTE MANGEMENT IN WATER BODIES**

Batch: FYBMS/FYBAF

Semester: - **II**

Section: **Morning Batch**

Duration: - **1 HOUR**

Waste management in water bodies is a critical issue that requires attention from all sectors, including educational institutions. This report aims to provide an overview of a waste management activity conducted in our college to raise awareness and promote responsible waste disposal practices specifically targeting water bodies.

Objective of the Activity:

The primary objective of the activity was to educate college students about the impact of waste on water bodies and in still a sense of responsibility towards preserving the environment. The activity aimed to highlight the importance of proper waste management and provide practical solutions to minimize waste pollution in water bodies.

Activity Details:-

Expert lectures: Environmentalists Ms. Tapasaya Panicker was invited to deliver lecture on the impacts of waste pollution on water bodies. These sessions provided students with insights into real-life scenarios, case studies, and best practices in waste management. Students were encouraged to ask questions and engage in discussions to enhance their understanding.

Conclusion

The waste management activity conducted in our college effectively disseminated knowledge, promoted responsible waste disposal practices, and fostered a sense of environmental stewardship among students
